HASIL PEMBELAJARAN

Menyediakan platform penilaian berterusan bagi aktiviti pelaporan tugas pelajar.

Menghasilkan sebuah buku interaktif yang menggabungkan elemen multimedia.

Mengasah minda kreatif pelajar meminda bahan teks kepada bahan yang mengandungi ciri multimedia.

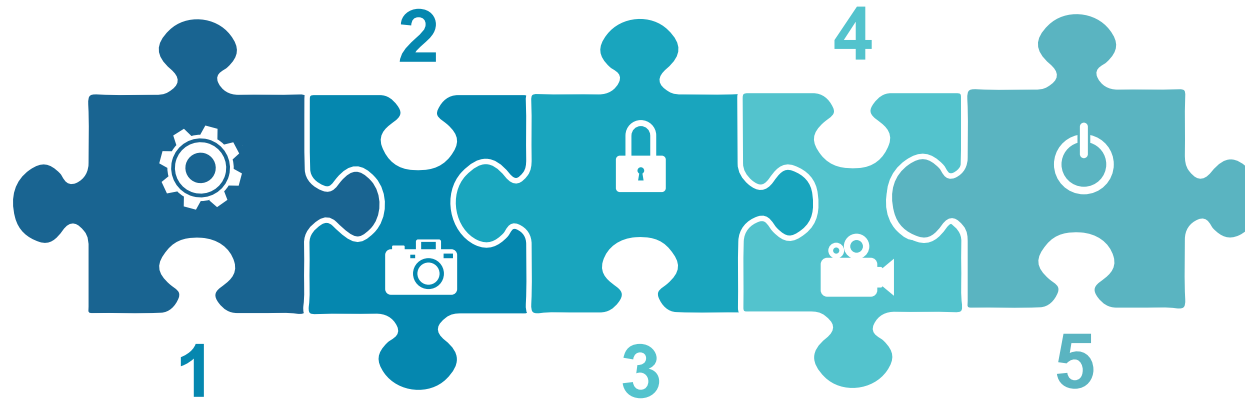

The image features a central, stylized human eye. The iris is replaced by a complex digital pattern of concentric circles and lines, glowing with blue and green light. The eye is set against a dark background filled with various digital artifacts, including binary code (0s and 1s), technical terms like 'IMG', 'image:', and '18p>', and other abstract symbols. The overall aesthetic is futuristic and high-tech, suggesting a theme of digital vision or data processing.
